

Teams conference

Set up a remote workplace efficiently

With our expertise, we make remote work easy and ready to use.

 **ELCA**
We make it work..

Microsoft Teams is the hub for team collaboration in Office 365 that integrates people, content, and tools. Your collaborators will be more engaged and efficient in their daily activities!

Need to deploy MS Teams quickly and effectively throughout your organization?
Looking for proper guidance to ensure governance with MS Teams?
Wanting to be reassured regarding the protection of your information?

WHAT DO WE OFFER?

Considering the actual urgency to have employees working in a remote environment, ELCA offers a smooth solution deployment to enable organisations to efficiently collaborate and ensure productivity.

With several years of experience as Microsoft Cloud Solution Provider, our specialists can carry out an agile workshop to define guidelines and best practices for an effective Office 365 and Microsoft Teams deployment.

ELCA *We make it work..*

HOT TOPICS

Our specialists have experience in **Collaboration, Integration & Security** within the suite 365, SharePoint and Teams.

Do you need to integrate with 365 with on-premise or other Cloud services?

Our ELCA Cloud Connect accelerator will make it work.

Need to enforce with MS Teams governance and manage the document lifecycle?

ELCA is able to implement procedures to ensure that MS Teams is compliant with your company rules and guidelines.
