
We are looking for an IAM CONSULTANT in Zurich and Berne.

IAM CONSULTANT

YOUR JOB

You'll realise cyber security mandates, mainly identity and access management (IAM), including amongst others Microsoft technologies.

- › You'll analyse customer requirements and prepare solution concepts
- › You'll design and integrate solutions
- › You'll give technical advice and support potential and existing customers

OUR OFFER

We offer a versatile and challenging job. You will be in a key role for a leading and established Swiss IT service provider. You will be using latest technologies. You will have the chance to become a top expert in cyber security. Furthermore, we offer a pleasant work environment in a young, motivated and uncomplicated team and an open-minded employee-oriented corporate culture. Interesting and broad project portfolio with important customers from various business sectors.

YOUR PROFILE

- › Higher education in computer sciences (university, polytechnic university, university of applied sciences) or similar
- › Knowledge in information security principles and methods, certifications in the field of security are an advantage
- › Knowledge in IAM technologies and concepts (e.g. Microsoft MIM, SailPoint)
- › Experience in modern programming languages (e.g. C# or Java)
- › Very good oral and written language skills in German and English. French language skills are an advantage
- › Willingness to travel within the German speaking part of Switzerland

ABOUT ELCA
